Experience

Wreck Techs | Atlanta, GA

August 2021 – Present

Resident Technical Assistant

Georgia Tech on-campus technical assistance

- Assisting 5-20 customers per 4-hour shift with technical issues via phone, email, and in-person communication
- Connecting and troubleshooting devices on the wired/wireless campus network
- Repairing and configuring software-related issues on Windows and Mac operating systems

CO | Atlanta, GA

May – August 2021

Server

Casual fine dining restaurant in Midtown Atlanta

- Communicated with over 30 customers and coworkers at a time to provide patrons an exemplary dining experience
- Coordinated with a team of other employees to ensure individual responsibilities were managed effectively

Poke City | Atlanta, GA

May 2019 – January 2021

Food Handler

Casual counter service Poké restaurant in Midtown Atlanta

- Facilitated safe and hygienic transfer of food from prep stations to customers
- Built rapport with customers in order to create a welcoming environment

ACE YMCA Volleyball Club | Atlanta, GA

October 2019 – April 2020

Assistant Volleyball Coach

Volleyball club operating in Atlanta, GA and Decatur

- Lead practices and ran drills with players, coached teams of 9-15 elementary to middle school aged girls, instructed on specific skills, techniques, and strategies to allow players to accomplish their goals

Relevant Coursework

Modern Physics: Analysis, design, and testing of basic systems and how they operate in a natural environment; used Python to model systems' responses to external stimuli

Intro to Computing: Used Python to write programs to solve complex problems and organize data

Activities

Lifeline Animal Project | Atlanta, GA

2016 – 2017

Volunteer

- Socialized animals and explained adoption process to interested parties
- Fostered 2 dogs, both of which were adopted
